

Key Travel Mobile App

The Key Travel App is available in the Apple App Store and Google Play. A desktop version can also be accessed [here](#).

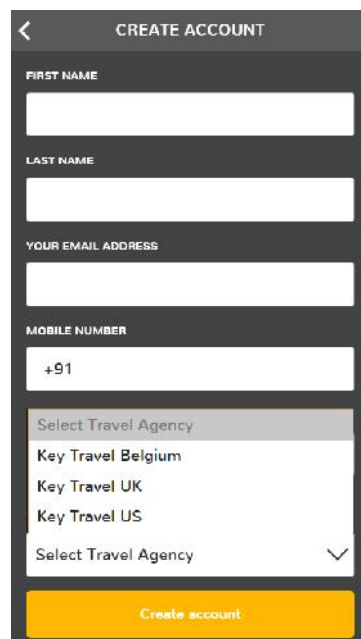

Installing the app

Once you have downloaded the app, every new user must create a new account (even if you have a login for the Key Travel website). Register your details to create the account, and 'Accept' Terms and Conditions.

1. Start screen

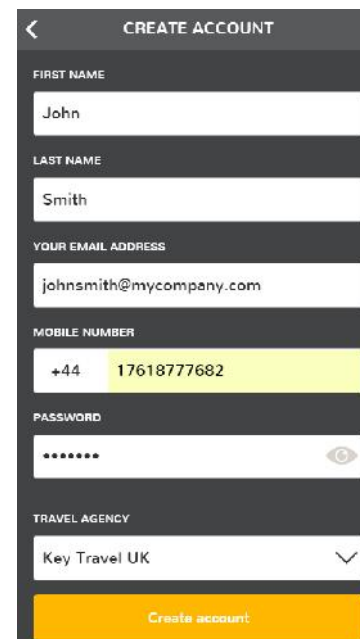

2. Create new account

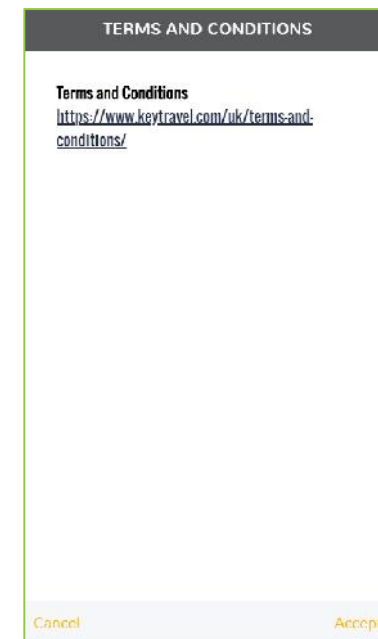

The "CREATE ACCOUNT" form includes the following fields: "FIRST NAME" (empty), "LAST NAME" (empty), "YOUR EMAIL ADDRESS" (empty), "MOBILE NUMBER" (with "+91" selected), and a "Select Travel Agency" dropdown menu with options: "Key Travel Belgium", "Key Travel UK", and "Key Travel US". An orange "Create account" button is at the bottom.

3. Details in create account

The "CREATE ACCOUNT" form is filled with the following details: "FIRST NAME" (John), "LAST NAME" (Smith), "YOUR EMAIL ADDRESS" (johnsmith@mycompany.com), "MOBILE NUMBER" (+44 1761877682), "PASSWORD" (masked with dots), and "TRAVEL AGENCY" (Key Travel UK). An orange "Create account" button is at the bottom.

4. T&C's - Accept

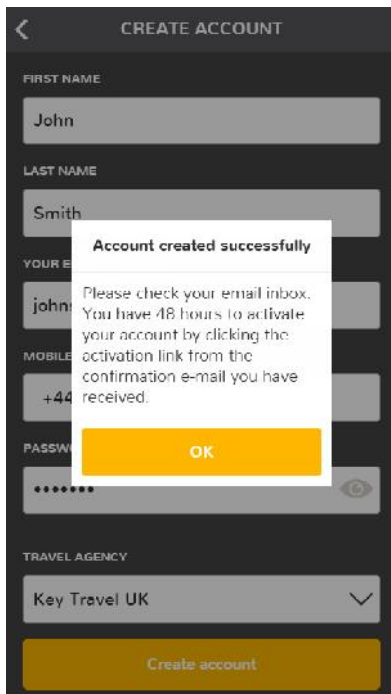

The "TERMS AND CONDITIONS" screen displays the heading "Terms and Conditions" and a link: <https://www.keytravel.com/uk/terms-and-conditions/>. At the bottom, there are "Cancel" and "Accept" buttons.

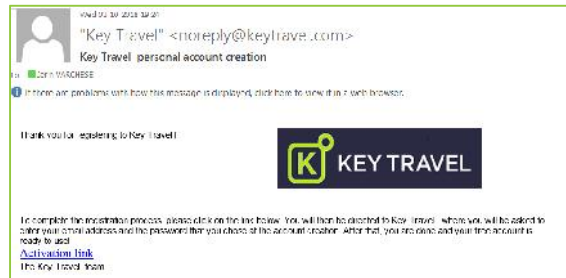

Activating your account

A message box will appear and ask you to check your email inbox and activate your account within 48 hours. Once you have received the activation email, click the 'Activation Link' which will then direct you back to the app login page. Login using your email address and password that you created during set-up.

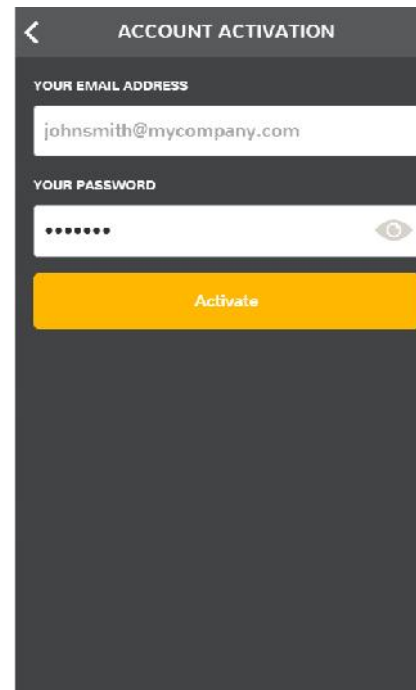

5. Details registered

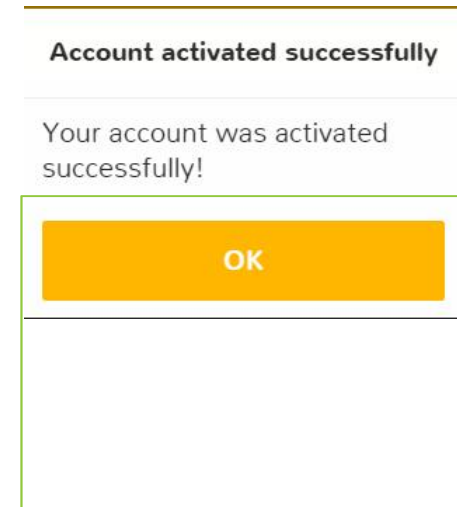

6. Email activation link

7. Activate account

8. Final confirmation message

Support: If you have any questions or would like to provide feedback please email mobileassists-uk@keytravel.com. You can also use the feedback section in the app.
